SUMMARY

Front-end UI Developer with 3 years of experience in developing web pages using HTML5, CSS3, JavaScript, and various UI frameworks. Skilled in ReactJS, FLUX for Unidirectional Data flow, React-Router, and Redux for building scalable Single Page Applications. Experience in designing web pages, developing styles, and optimising web page performance. Full-stack development experience with NodeJS, MongoDB, and SQL databases. Passionate about writing clean and reusable code that follows best practices.

TECHNICAL SKILLS

- Programming Languages: JavaScript ES6+, TypeScript, HTML5, CSS3, SQL, NoSQL.
- Frameworks and Libraries: React, Redux, React-Router, Material UI, Bootstrap, Tailwind CSS, Express, Handlebars, GraphQL.
- Tools: Git, GitHub, GitLab CI/CD pipelines, Jest, Mocha, Chai.
- Databases: MongoDB, MySQL.

SOFT SKILLS

- Strong problem-solving skills and attention to detail.
- Excellent communication skills and ability to work collaboratively.
- Self-motivated and able to work independently or as part of a team.
- Quick learner and adaptable to changing environments.

PROJECTS

1. My Portfolio Page: Developed a responsive portfolio page using React, React-Router Dom, and Tailwind CSS to showcase my work during the Monash Bootcamp.

GitHub Repo: <https://github.com/sudheer313/20-portfolio-page>

Written link to deployed project: <https://sudheer313.github.io/20-myreact-portfolio/>

2. LetsConnect: A Social Networking Application: Solely developed a social networking application using React, MongoDB, Express, NodeJS, and Apollo Server. | Written link to

GitHub: <https://github.com/sudheer313/social-networking-mern-app> | Written link to deployed project: <https://letsconnect.onrender.com/>

3. Shopping Mart: Built a fully functional e-commerce web application using React, Redux, React-Router, Bootstrap, and integrated with Stripe payment gateway and Google Firebase Authentication. | Written link to GitHub: <https://github.com/sudheer313/shopping-mart>

Written link to deployed project: <https://shoppingmart-3ghv.onrender.com/>

EXPERIENCE

Full Stack Web Developer | Freelancer, Melbourne, Australia | Jan 2023 - Present

- Developing responsive web pages using HTML5, CSS3, JavaScript, Bootstrap, Material UI, and Tailwind CSS.
- Collaborating with Agile (Scrum) development teams to deliver regular updates.
- Designing and developing scalable and optimised User Interfaces using ReactJS, FLUX for Unidirectional Data flow, React-Router, and Redux.
- Integrating RESTful APIs using Axios and Fetch.
- Building and maintaining NodeJS, MongoDB, and SQL databases.
- Implementing secure authentication and authorization protocols.
- Debugging and troubleshooting issues with web applications.
- Solid understanding of React Virtual DOM for performance optimization.
- Developing and implementing test cases using Jest, Mocha, and Chai.
- Deployed applications using GitLab CI/CD pipelines, AWS services and Heroku.

Front End UI Developer | Aktrix Technologies Hyderabad, India | Jan 2020 -Dec2022

- Developed responsive and accessible web pages using HTML5, CSS3, JavaScript, and various UI frameworks such as React, Material UI, Bootstrap, and Tailwind CSS.
- Worked with Agile (Scrum) development teams to deliver regular updates and meet project deadlines.
- Developed scalable and optimised User Interfaces using ReactJS, FLUX for Unidirectional Data flow, and React-Router.
- Integrated RESTful APIs using Axios and Fetch to enhance website functionality and user experience.
- Collaborated with back-end developers to implement UI designs and ensure seamless integration with server-side functionality.
- Conducted cross-browser and cross-device testing to ensure consistent user experience across multiple platforms.
- Conducted performance optimization to ensure fast page load times and optimal rendering of web pages.
- Implemented A/B testing to improve website usability and user engagement.
- Mentored and trained junior front-end developers on best practices and current web development trends.

EDUCATION

Certificate in Full Stack Web Development | Monash University Melbourne, VIC

Masters in Electrical and Electronics Engineering | Victoria University Melbourne, VIC
